

Rotating Accumulator

Features

- Suitable for conveyance of different kinds of tableware, more flexible loading method
- Effectively separate dining zone and dish washing zone, which greatly improves canteen's dining environment
- Be able to make full use of the height of dish collection zone, which saves the space of dish collection zone
- Multi-layered tray carriers & rotation-type conveyance design avoids from piling of tableware at the dish collection site, which greatly improves tableware collection efficiency
- Removable tray carriers design is convenient for cleaning
- Adjustable transmission speed
- Circuit over-loading and electricity leakage safety protection design ensures safe operation
- Water-proof control panel design is suitable for moist environment
- Combine conveyor, pre-washing sink and tray-stack cart. The operator can complete tableware collection, pre-washing and sorting as well as delivery to dish washer, which is effective, time-saving and labour-saving.

Rotating Accumulator

Model	VT-RA08	VT-RA10	VT-RA12
Number of suspension groups	8	10	12
Width(mm)	3003	3460	3919
Depth(mm)	1670	1670	1670
Height(mm)	1920	1920	1920

For All 3 Models

Layers of tray carrier	3~4 layers
Tray carrier dimension	390*430*140mm
Rotation speed	1~8m/min
Power supply	380V/3ph ; 220V/1ph
Power	0.4~0.8kW
